Preparing the Farm for the Next Generation Succession Workshop

Thursday, Jan. 18, 2018

8:30 a.m.-2 p.m.

SMECO Auditorium, 15035 Burnt Store Road, Hughesville, MD 20637

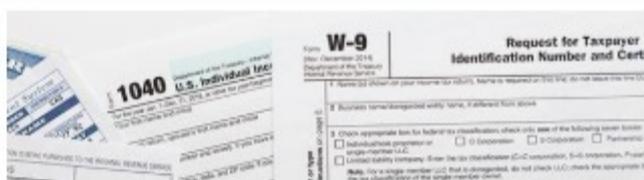

The Southern Maryland Agricultural Development Commission (SMADC) is partnering with the University of Maryland, Maryland Department of Agriculture, Nationwide and Alliance for the Bay to host an intensive one-day workshop to assist farm owners and their families to plan for a smooth and secure transition of their farms from one generation to the next.

This workshop is designed to help farm families navigate the often challenging and complex landscape of the transition of ownership by providing helpful tips and communication strategies to begin exploring mutual goals and objectives.

Participants will walk away with the tools they need to develop a farm succession plan, prepare family members and engage them in the process to ensure the farm operation remains stable and continues to thrive.

This work shop is recommended for all types of farm enterprise; all generations on the farm are encouraged to attend. A workshop fee of \$10 includes materials and lunch.

2018 Tax Boot Camp

Monday, Jan 22, 2018

9 a.m.-12 p.m.

College of Southern Maryland
Prince Frederick Campus
115 J.W. Williams Road

With tax reform just around the corner many taxpayers are wondering what it means for 2018. As a business owner, you must not only prepare your business - and personal - tax returns, but you must also take care of year-end payroll tax reports for employees and non-employees. Take this opportunity to get an overview of the changes and their impact.

ANNIE'S PROJECT

EMPOWERING WOMEN IN AGRICULTURE

Annie's Project is a discussion-based workshop bringing women together to learn from experts in agricultural production, financial management, human resources, marketing and the legal field.

Annie's Project offers a relaxed atmosphere for women to learn, grow and meet other women involved in agriculture.

Every other Wednesday
Jan. 24 through April 4 | 6-9 p.m.
Prince George's Soil Conservation District
5301 Marlboro Race Track Road,
Upper Marlboro

F3 Winter Symposium: Viewing Aquaculture Through The Lens of Innovation And Technology

Wednesday, Jan. 31, 2018

9:30 a.m.-3:30 p.m.

College of Southern Maryland Prince Frederick
Campus
115 J.W. Williams Road

This FREE event will bring together entrepreneurs, innovators, farmers, watermen, environmentalists, industry, investors, agencies and academics to advance awareness and open dialogue about agriculture, aquaculture and environmental technologies. Our goal is to create a shared understanding of what the market and industry needs and explore opportunities to create value and impact for innovations and new technologies.
