Calvert County's 2014 Business Survey Gets Underway

PRINCE FREDERICK, Md. – Nov. 17, 2014 – The Calvert County Department of Economic Development launched the 2014 Business Survey today and seeks input from county business owners. Data collected from the survey will be used to support local businesses, enhance the programs and services that are currently available and report trends to the Board of County Commissioners.

“This bi-annual survey helps us understand what is working for our businesses and what areas need improvement and also assists us in identifying ways to further provide a supportive business climate,” explained Linda Vassallo, director of the Department of Economic Development. “It is geared toward giving us a broad view of the issues. It also helps us monitor trends and tailor business support programs. We are hoping for a robust response and I encourage all business owners to participate.”

The survey will take about 10 minutes and individual answers will remain confidential. Please visit www.ecalvert.com to complete the survey. It will remain open through Jan. 5. Overall results will be announced early next year.

For more information on the Calvert County Department of Economic Development and the many services the county offers the business community, contact the department at 410-535-4583 or 301-855-1880; or by email at info@ecalvert.com.

###

Calvert County is Maryland's smallest county in land area with 213 square miles. It is home to nearly 90,000 people and has one of the highest standards of living in Maryland. Major industries include defense contracting, information technology, tourism, energy, advanced manufacturing and administrative services.
