Calvert County Launches Live Map of “What’s Going Where”

PRINCE FREDERICK, Md. – Dec 1, 2014 – The Calvert County Department of Economic Development (DED) today launched a new [What’s Going Where](#) map that lets the public see where commercial projects are happening in Calvert County.

“This project began as an outreach effort to inform the public about new business activity in the county, to welcome and showcase new businesses and to provide a tool to better track the status and needs of businesses,” explained Linda Vassallo, director of the DED. “What we developed is an interactive map that allows us to monitor and help businesses as well as share a visual snapshot of what is going where with the public.”

[What’s Going Where](#) is a user friendly map that allows you to explore commercial projects by ZIP code or view a [list](#) of projects completed in the last 12 months. The [map](#) is part of a larger set of [interactive GIS maps](#) offered by Calvert County Government to help the public virtually explore everything from the county’s parks and recreational facilities to the changes in the county’s landscape over the past 100 years. The direct link to [What’s Going Where](#) is www.co.cal.md.us/WhatsGoingWhere.

For the existing business community the county offers a variety of free resources such as a free online business database, employment classified listings and the ability to showcase commercial real estate on www.calvertprospector.com. For more information about the Calvert County Department of Economic Development and the many services the county offers the business community, contact the department at 410-535-4583 or 301-855-1880; or by email at info@ecalvert.com. Find Calvert County Government on [Facebook](#).
