

SHAPE YOUR FUTURE

Starting with the 2020 Census

Responding to the 2020 Census is an easy, safe and important way to help provide vital resources for our community for the next 10 years.

The goal of the 2020 Census is to count everyone who lives in the United States. It is conducted every 10 years and is required by the U.S. Constitution.

If our community is undercounted, we miss out on about \$18,250 per person in federal funding over the next 10 years.

Census data

- is private
- is protected by law
- cannot be shared with law enforcement or assistance programs

Look for your invitation to respond in mid-March. Respond online, by phone or by mail.

Census responses determine congressional representation in each state and inform how billions of dollars in federal funds are distributed to states and local communities every year for critical public services and infrastructure, including health clinics, schools, roads and emergency services.

The 2020 Census will ask:

- How many people are living or staying at your home on April 1, 2020.
- Whether the home is owned or rented.
- Your telephone number. *(The Census Bureau will use this to contact you ONLY if needed for official Census Bureau business.)*
- About the sex, age and race of each person in your home.
- About whether a person in your home is of Hispanic, Latino or Spanish origin.
- About the relationship of each person in your home.

The Census will NEVER ask for:

- Your Social Security number
- Money or donations
- Anything on behalf of a political party
- Your bank or credit card account numbers
