

PROTECT YOURSELF.

Get the COVID-19 booster.

At CalvertHealth, your health and safety are our top priority.

We are pleased to support the Calvert County Office on Aging in their efforts to provide booster doses to those eligible in our community. Vaccine clinics will be held throughout the remainder of the year at all three senior centers.

Who is eligible for a COVID booster?

- Those who are immunocompromised (please let your testing center know if you are immunocompromised as your booster dosing may be different than those who are not immunocompromised)
- People 65 years and older
- 50-64 with underlying medical conditions
- 18+ who live in long-term care settings

Choosing Your COVID-19 Booster Shot

You may choose which COVID-19 vaccine you receive as a booster shot. Some people may have a preference for the vaccine type that they originally received, and others may prefer to get a different booster. CDC's recommendations now allow for this type of mix and match dosing for booster shots.

IF YOU RECEIVED

Pfizer-BioNTech or Moderna

You are eligible for a booster if you are:

- [65 years or older](#)
- Age 18+ who live in [long-term care settings](#)
